EDUCATION

The Pennsylvania State University

Bachelor of Arts in Digital Media, Arts, and Technology, Minor in Data Visualization

State College, PA

Sept. 2024 – Dec. 2026

Rider University (Transfer)

Bachelors of Arts in Graphic Design

Lawrenceville, NJ

Sept. 2022 – May 2024

EXPERIENCE

Frontend Development Intern

Jun. 2024 – Jul. 2024

Ohai

Boston, MA

- Conducted user research and identified pain points to improve navigation and task completion
- Designed high-fidelity mockups and interactive prototypes in Figma
- Built Tableau dashboards to communicate complex datasets through intuitive visualizations
- Applied design thinking principles throughout the end-to-end product design lifecycle

Frontend Development Intern

Jan. 2026 – May 2026

Lake Erie Ballet Company

Erie, PA

- Designed responsive user interfaces in Figma and translated brand requirements into intuitive digital experiences
- Collaborated with stakeholders to iterate on user flows, navigation, and interaction patterns
- Partnered with developers to ensure accurate implementation, cross-browser compatibility, and WCAG standards

Patient Service Associate

May. 2025 – Aug. 2025

Penn Medicine

Cherry Hill, NJ

- Reviewed insurance, registration, and account information in Epic to ensure accurate patient records
- Resolved patient issues by collaborating with clinical and administrative teams while maintaining HIPAA compliance
- Communicated complex information accurately in a fast-paced, customer-focused healthcare environment

Graphic Designer & Social Media Marketing Intern

Jan. 2023 – May 2023

JRH Foundation

Lawrenceville, NJ

- Designed digital marketing assets that improved visual consistency across multiple communication channels
- Used engagement analytics to evaluate campaign performance and inform content strategy decisions
- Collaborated with cross-functional teams to create user-focused graphics, videos, and promotional materials.

PROJECTS

Lake Erie Ballet Company | Javascript, HTML, CSS

2026

- Redesigned the organization's website using UX design principles to improve navigation and accessibility
- Developed responsive interfaces aligned with modern UX patterns and reusable design components.
- Collaborated with stakeholders to refine designs through multiple iterations and usability feedback.

F1 Data Visualization | Kaggle, Tableau, Excel, Adobe Illustrator

2025

- Collected, validated, and analyzed large datasets to ensure accuracy and consistency.
- Created Tableau dashboards that translated complex information into clear, actionable insights.
- Applied quality assurance techniques to verify data integrity before reporting results.

Ohai Case Study | Figma, Python, Excel

2024

- Conducted user research and translated customer needs into application workflows and functional requirements.
- Designed interactive prototypes, gathered user feedback, and refined solutions through iterative testing.
- Documented design decisions and collaborated with stakeholders to improve usability and user experience.
